

Addendum to Technical Scope of Work: MicroBooNE Cosmic Ray Tagger Side and Top Installation

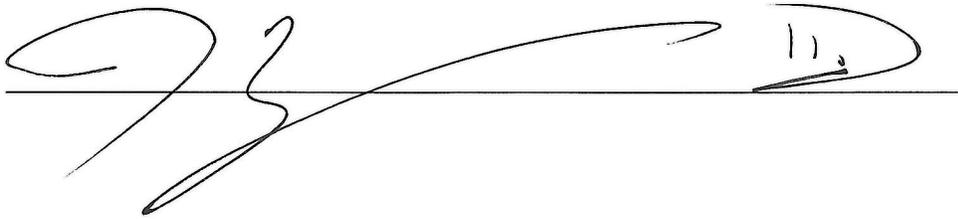

Author: Joseph Zennamo

Date: 8/25/2016

The necessary procedures for the usage of the vacuum lifting fixture and installation of the CRT panels can be found in MicroBooNE DocDB 6260.

To prepare panels for installation the vacuum lifting fixture will be used at the D0 assembly building following the same procedures and utilizing the Job Hazard Awareness document found at the same DocDB entry.
